Mr. King,

On Saturday, June 15, AES Eagle Valley held it's second annual family picnic. The weather was beautiful and a great time was had by all.

The children just loved "Twinkle T" the clown and it was amazing to see their faces as the "Magician" Don Miller mesmerized them.

Not only did Don perform the magic show, but just jumped right in where he could see the need. There were other activities planned for the children and Don made them extra special. He was able to add that special touch that made the event more exciting and fun. He was wonderful!

I am confident that FamilyTime Entertainment will be a part of our picnic for many years to come.

Thank you,

Carol F. Simpson
Administrative Assistant
AES Eagle Valley
