

DON MILLER

Comedy & Magic

You never know exactly what's going to happen when Don Miller takes to the stage. He begins by explaining that he does comedy and magic and asks if everyone knows the difference. "You see in my act, if it's not funny that's the magic part," he says with a grin.

Because of his improvisational theater background and all the audience participation in his show, every show is virtually customized to meet each group's needs. In his 30 years as a professional entertainer he'll tell you that, "I have entertained in 46 states and 8 different countries." Then with a chuckle and a wink he'll tell you that, "They'll allow me back in 4 of them."

Don's shows are perfect for after dinner entertainment, sales meetings, recognition events, even a company picnic. He's PG rated, there's no bad language or crude humor to worry about, his act is always good natured. He'll tease volunteers, but not in a mean way.

"enchanting with magic"

Indianapolis Star

He offers a comedy magic show, Las Vegas style close up magic, or a mentalist show that is totally amusing but absolutely amazing! During the mentalist show he asks, "have of you ever experienced something that normal science cannot explain? Do any of you believe in ESP...IBM, IRS, CBS, HBO...any of these things?" His "mentalist skills" are very impressive, but he's still very, very funny.

**"... after you finally stop
laughing then you'll think
how did he do that?"**

Chicago Tribune

Don does close up table magic, 45 minute club shows, even full evening shows that can include illusions. And because he's a comedy writer, he can write and create a show that highlights your themes, honors your top performers or roasts that designated person from your company. It's simple. He's fun. He's funny. Don Miller entertains.
