

OLD TRUNK Magic Show with Magic Don!

The History

We checked the files, asked our friends and even looked through the sock drawers...twice. We found out that Don Miller did his first professional show in 1971. Then we asked some of our FamilyTime Entertainment staff to do the math and asked how many years has Magic Don been doing shows. They said, "several" (don't ever ask clowns math questions).

We're celebrating Magic Don's 40 years of entertaining in 45 states and 12 countries (he still does over 350 shows a year) by offering a special show to you.

Here's the Show

Magic Don can't even remember all the different shows he's developed over the years, but he does remember some of the kid's favorite routines and tricks that no one has seen in over twenty years. He dug out the old trunks and created a new show. He could have called it The Kid Favorites Show or the Tried and True Show, but he decided to call it Magic Don's Old Trunk Magic Show.

**FOR OVER THIRTY YEARS, FAMILYTIME
