

All About Our Company

FamilyTime Entertainment's core business is providing quality entertainment and events for children from three to ninety-three. Our goal is to produce quality, memorable, and educational entertainment for the entire family.

FamilyTime knows there is a large market for quality children's entertainment and entertainment events. Entertainment is often provided by those who do not understand the difference between children's & family entertainment and entertainment for other ages and groups. Much of the current entertainment purporting to be for children & families is not of good quality; it is done in a substandard way and lacks an educational purpose.

For over twenty-five years, FamilyTime Entertainment has stood for entertaining, educational, memorable and quality events. At FamilyTime Entertainment, we are so sure that you will enjoy our programs and entertainers, we guarantee it! If our programs aren't what we have promised them to be—we will refund your payment!

We truly believe you won't find better educational, yet entertaining shows, for your school or youth group, anywhere.
