# BEST BIRTHDAY PARTIES IN THE

WHOLE WIDE WORLD is a

company that is dedicated to the idea that every kid should have a memorable birthday party... a party that is so much fun that they will remember it for a lifetime. We have been helping moms and dads for over 30 years, plan and have fun, interactive birthday parties.

The best parties for kids are planned to do what kids like to do, not what adults want them to do. We don't talk down to children; we play with them.

Our entertainers don't stand in front of the party guests and say, "Look at me!" The children participate in the party so they feel it's their show. Our entertainers are trained to make sure that everyone, even a shy child, feels as though they have participated. The biggest event in every birthday party show is making the birthday child the STAR OF THE SHOW.

Our entertainers work with children, not because they can't entertain adults, because many of them do, but, because they love kids. At FamilyTime Entertainment, we are so sure that you'll love our entertainers that we **guarantee it!** If our programs aren't what we have promised them to be—we will **REFUND your payment!** We truly believe that you won't find a better birthday party for your birthday child.

**That's why we call them the BEST BIRTHDAY PARTIES IN THE WHOLE WIDE WORLD!!**

## MAGIC SHOWS

A magician at a birthday party is a tradition. We offer magic shows for all ages of children. Our teach-a-trick magic shows features a segment in the show where children learn how to perform some magic tricks. We can also provide goody-bags with magic tricks for the party guests.

## PUPPETS

Puppets are a favorite for children from pre-school to third grade. Our Puppet Playtime features several different types of puppets with some magic thrown in for fun. The children even get to handle and play with some of the puppets.

## CLOWNS

Clowns provide "wacky fun" with a combination of magic tricks, silly clown skits, face painting and balloon animals. We also feature low make-up clowns that don't scare the younger children.

## STORYTELLERS

Storytellers weave dreams interlaced with laughter and have even been known to tell a scary story or two (for older children). They come to the party "dressed" to entertain. There are pirates and giants... even Mother Nature has some great stories.

## THEME PARTIES & COSTUME CHARACTERS

Children love the characters that come from their favorite books, the movies, and the television shows they watch. We offer a wide variety of parties, themed around these characters.

## ANIMALS

These parties can feature small hand-held touchable animals all the way up to pony rides. These parties are popular and have limited availability and specific space requirements, so request these well in advance.

## PARTY EXTRAS

We provide all the little extras that save you time and money. Everything from goody-bags to birthday cakes, paper goods to invitations, can be all themed for your party. We can provide bounce houses and other inflatables. Our magicians can even float the birthday child in the air for that extra birthday party memory.

DATE \_\_\_\_\_

TIME \_\_\_\_\_ to \_\_\_\_\_

Be a party survivor and keep the time short. Two hours is the maximum needed.

## • Birthday Party Planning and Tip Sheet •

### LOCATION \_\_\_\_\_

Consider having the party outdoors, at a park, at a skating rink, a restaurant or even in the garage. Clean up is always easier if someone else has to do it, and living room carpets are at risk, even with the best-behaved children.

### NUMBER OF CHILDREN TO BE INVITED \_\_\_\_\_

A good rule of thumb is to invite twice the number of children as your child's age. (EX: 6 yrs. old-12 children)

### PARTY THEME \_\_\_\_\_

### ENTERTAINMENT \_\_\_\_\_

Magic, cartoon characters, action heroes, favorite toys, film characters, storytime, animals... are all good themes. Don't feel the necessity to have a theme, just being someone's birthday is enough.
