Dear 'Magic' Don and Mike,

What can I say... besides *Thank You*, and a huge sigh of relief on a job well done? I seriously want to thank you both for being the consummate professionals that you are, and for helping Tammy and myself get Ghoulfest planned, executed and successfully carried out. I am quite sure that we will all need about two or three weeks to recuperate. Not!

Some time soon, we can sit down and figure out where our partnership will grow from here. We need to re-think the KidsVoice meetings, and look in new directions for getting feedback from the schoolchildren to keep *Curiocity* vital and interesting. I look forward to your ideas and thoughts.

Once again, thanks for your time, energy and enthusiasm towards Ghoulfest and *Curiocity*!!

Sincerely,

Linna Caldemone
