

**Derek Dye, Master Juggler and Physical Performance Artist, is concerned about life's ups and downs. It's not just whether he misses catching a juggling ball, a club, or a large 18 inch long machete. (Okay, he *is* concerned about losing control of huge knives.)**

**The ups and downs that he's most concerned about are those wonderful joys and terrible trials that we all experience in life. His goal as a juggler is to be looking in the right direction to make the catch. He discovered in life that looking in the right direction is simply looking to the Son of God, Jesus Christ.**

**After working for many years as a full time performer, Derek has felt called to share his faith in Jesus Christ and his love of performing in a number of unique programs for churches. See the list on the reverse side of this page.**
