Dear Family Time Entertainment,

Thank you for the great program on *A Tribute to Harry Potter*. The program was lots of fun and encouraged audience participation. Everyone had a great time. Don and his helper were very nice people to work with it. Don does a great job working the audience and I had a lot of compliments on his performance after the show.

They traveled to both our branches and the branch managers said that the program was one of the best that we have had in a long time. Family Time Entertainment worked with us to make it affordable to include our branches, I really appreciate that, because it is hard sometimes to get enough money to pay for three programs in a smaller county library that has more than one library in their system.

If my budget allows, I hope to have them back again to do another of their interesting programs.

Sincerely,

Becky Williams
