Dear Family Time Entertainment, Inc.,

On behalf of the Monnett Elementary School staff members, students, and parents, this letter of recommendation is in support of Comedy-Magician Don Miller.

Mr. Don Miller spent an entire day at our school. He performed twice during the day for the students/staff and the third performance occurred in the evening for our parents/families. The two convocations during the day, kept the students mesmerized and focused on the presentation. With student participation, children felt like they were part of the show. Additionally, Mr. Miller was sensitive to our special needs students and appropriately involved them when ever possible. During the evening performance, parents and their children enjoyed the magic and fun. Mr. Miller actively involved parents in many of his magic tricks. There was lots of audience participation with jokes in good taste. Everyone will always remember the amazing illusion of the little girl from Monnett Elementary who was floating in the air.

Mr. Don Miller brought to our school quality entertainment. He is a very funny and talented individual. Mr. Miller presented himself in a professional manner at all times. I highly recommend Magic Don Miller, as a source for memorable entertaining.

J.R. Carter  
Principal
