Dear Magic Don,

We would like to say "Thank you" for coming to Rainbow Child Development center. Each time you have come our children have been VERY happy to hear your jokes and to see your magic. I always enjoy telling my staff, children, and their parents that you are coming because it is a joy to see how excited everyone gets. I always make sure I tell everyone about Family Time Entertainment and what they have to offer so they will call you to come to their centers. We always look forward to the next time you come visit us.

Thank you,

Nicole Beckner
