Dear Eric,

We are grateful for your participation in our 2006 summer reading program. The dinosaur town was a big hit with all of our patrons. We enjoyed meeting the different dinosaurs that lived and worked the dinosaur town especially the librarian dinosaur. Of course, she was my favorite!

All ages appreciated the comedy and magic tricks you put in your show. The kids participation parts were a real treat for our patrons. We hope you like the enclosed pictures from your exciting program.

Thanks again,

A handwritten signature in cursive script that reads "Sharon Ogle".
